

We are pleased to welcome you back to Rochioli Winery! We are doing everything we can to keep our customers and employees safe during this time. We have implemented standards of cleanliness and sanitation policies consistent with the Center for Disease Control's guidance regarding COVID-19 throughout our facility. All of our employees have been updated and trained regarding these standards and policies.

Here is what you can expect during an upcoming visit:

- To control the number of people in our facility each day and to limit interactions between different groups of customers, all visits are by appointment only and groups are **limited to up to 4 people per group**. You will be seated only with those in your reservation.
- Tables for each group will be distanced more than **6 feet away from each other**.
- Our employees will **wear masks at all times and gloves when serving** wine or touching glasses.
- We will require that all **customers wear masks until seated**. Masks may be removed during the tasting experience but are required when moving about the grounds or when using the restroom facilities.
- **Social distancing standards** will be complied with by our employees whenever possible and we expect our customers to do so as well.

To continue to protect the safety and health of our customers and our employees, we require that any customer who has symptoms consistent with COVID-19 do not enter our facility and visit us at another time. We will refuse service to any individual who refuses to wear a mask or who refuses to uphold social distancing standards. We look forward to seeing you. If you have any questions about our policies please contact appointments@rochioliwinery.com.
